- It was another momentous week for the game as Sorare launched two more giant international teams (Germany and Belgium).
- Approximately 10 ETH of prizes were won in total which included a 3 ETH Unique Division payout + another high value French National Team card (Paul Pogba).
- Our managers had an extremely active week both buying and selling with over 110 ETH of transactions undertaken (this included 70+ ETH received from sales).
- Manager 1 successfully negotiated the purchase of the Stefan Frei 'Player Edition' card (see Notable Purchases) which contains the players signature! He also sold Ousmane Dembele Super Rare to the player himself for a nice profit!
- There was a noticeable increase in new active bidders across all scarcities of cards that culminated in two huge bids on Sunday's Power Hour Uniques where Kai Havertz and Youri Tielemans sold for over 27 and 18 ETH respectively.
- AUM now includes Managers ETH balance but requires adjustment for Super Rares and Unique cards bought in bundles from Liverpool, Juventus, Real Madrid, Lazio, AC Milan and Galatasaray. Est ~ 250 ETH
