ETH Reward Value = 5.63 ₿

- This week will be remembered for Sorare's 9/9 announcement in which they unveiled a landmark 5 year agreement on La Liga TV for the entire Spanish first and second division. This means we finally have Barcelona cards in the game (sadly minus Messi).
- Over 12.5 ETH in prizes were won by our managers this week in a competitive week of international action. We return back to a full slate of global domestic fixtures this weekend meaning a return back to a much bigger overall weekly prize pool.
- In the market our managers acquired a number of highly desirable first edition La Liga cards including both the 1/100 of Barcelona's Pedri and Fati. On Sunday the Unique Pedri card sold for 34.955 ETH
- New records are being broken in the game in terms of new users joining (thanks to the recent addition of the Limited scarcity cards). We are now expecting to witness a very strong end to the year!
