## Rewards Won

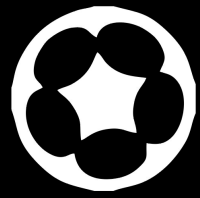

23 Cards

--

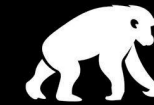

Card Reward Value = 12.45 €

ETH Reward Value = 2.32 €

- Simply put this was an enormous week for Sorare. On Monday we had the re-launch of PSG cards for the 2021-22 season which included the first ever Lionel Messi cards in the game. On Tuesday they announced a record breaking \$680 million Series B capital raise and then on Wednesday they broke news of a 50 strong Legend collection that included the likes of Beckenbauer, Cruyff and Maradona!
- Our managers returned almost 15 ETH in prizes this week despite being unlucky on the value of the cards won.
- In the market our managers were busier than normal with the new auctions that included the first Legend drop (Ronaldo from his breakthrough 1994-95 PSV season) and Messi cards (1/100 was acquired)
- The markets continued to rise for premium cards as a spike of new users joined the platform and we fully expect this trend to continue in the coming weeks and months especially given that prizes like Messi, Mbappe, Neymar and Donnarumma are now possible to win.
