- In the month of November Sorare have continued to quietly go about their business and after the announcement of 15 new Turkish Süper Lig clubs to the platform, this week, the full Russian Premier League was confirmed.
- With the international weeks now behind us a return to a full S05 tournament list gave our managers more to play for over the past week. They duly obliged by returning over 20 ETH up against record numbers of competitors.
- On the transfer market there were only a couple of notable incomings as our managers were happy to continue selling into the market of managers rotating out of cards from regions that are ending their season (Asia/America) and into European cards which will remain the prime focus for the next 2-3 months.
