## Rewards Won

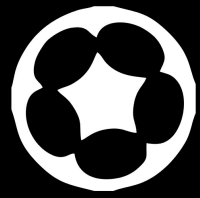

22 Cards

--

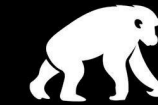

Card Reward Value = 13.54 ₿

ETH Reward Value = 4.26 ₿

- This week Lionel Messi was crowned Ballon d'Or winner for a record 7th time and Sorare marked the occasion with a GOAT Power Hour and the release of Alfredo di Stefano Legend card.
- Across the S05 tournaments our managers were able to bring home just under 18 ETH of prizes although with recent market activity our model is churning out conservative valuations (e.g. we won Karim Benzema Super Rare this week which is marked as 2.56 ETH and we have rejected immediate 5 ETH offers for this card).
- On the transfer market we celebrated a couple of major coups this week with manager 3 acquiring the 2nd season Unique card of Gianluigi Donnarumma (Italy and PSG) and the first season 1/10 of Leon Goretzka of Bayern Munich. Both cards are in exceptionally high demand right now and we are delighted to have captured them.
- In light of the recent spike in prices of Star and Tier 1 players, we updated our valuation tool to ensure our latest AUM remains accurate. The only variables still not taken into consideration are the special edition and first season/edition cards.
