- Despite it being the holiday season with less and less games being played, our managers continued to push hard to achieve their end of year internal targets.
- Performance wise it was an exceptional week with over 18.5 ETH of prizes. Over half of this being in ETH thanks to back to back victories in the Global Unique Division by Manager 1.
- In terms of market activity, our managers pulled off one of the major transfer coups of the year by landing 3 of the most desirable Unique youngsters in the game. Barcelona's Pedri (2021 Golden Boy winner) and Bayern Munich's highly coveted Jamal Musiala and Alphonso Davies all joined the DAO this week for a combined value of 110 ETH.
